INGREDIENTS OF THE MONTH

Black Cardamom

Cardamom has a strong, unique taste, with an intensely aromatic fragrance. Cardamom is best stored in pod form, because once the seeds are exposed or ground, they quickly lose their flavour. It is the dried, unripened fruit of the plant. The small, brown-black sticky seeds are contained in a pod in three double rows with about six seeds in each row.

Uses:

The pods can be used whole or split when cooked in Indian substantial meals — such as pulses. Cardamom is often included in Indian sweet dishes and drinks like punches and milled wines. It is used in pickles, especially pickled herring and flavors custard. It is also chewed habitually (like nuts) where freely available, as in the East Indies, and in the Indian masticory, betel pan. It is often used in baking in Scandinavia and in Danish pastries. Throughout the Arab world, Cardamom is one of the most popular spices, with Cardamom coffee being a symbol of hospitality and prestige. In the Moghul cuisine (Northern India) it is abundantly used in the delicious rice dishes called biryanis. In Sri Lanka, the pods are added to fiery beef or chicken curries. A small amount of Cardamom will add a tempting flavor to coffee cake. Flans, rice puddings, porridges, etc. taste much better with a dash of cardamom. Add whole cardamoms to flavour tea drunk with milk.

Medical Merits

A stimulant and carminative, it is used for indigestion and flatulence. In India, green cardamom (*A. subulatum*) is broadly used to treat infections in teeth and gums. It is used to prevent and treat throat troubles, congestion of the lungs and pulmonary tuberculosis. Used in inflammation of eyelids and also digestive disorders. It is also reportedly used as an antidote for both snake and scorpion venom. Indians regarded it as a cure for obesity. Cardamom is used as a breath-freshener.

Color/Flavor/Aroma

They have warm and eucalyptine with camphorous and lemony undertones flavour. Enclosed in the fruit pods are tiny, brown, aromatic seeds which are slightly pungent to taste. Cardamom pods are general

MOST AMAZING SWIMMING POOLS AROUND THE WORLD

MARINA BAY SANDS INFINITY POOL

This incredible infinity pool is perched high above Singapore on the 57th floor of the Marina Bay Sands luxury hotel. Set literally on the edge of the hotel's Sky Park, this infinity pool stretches for an amazing 500 feet and boasts stunning views of Singapore's skyline. The infinity pool is considered to be the largest at this height in the world, and it appears from the pool deck as if it just literally drops off the edge of the hotel. Not surprisingly, this hotel and its amazing swimming pool are popular with travelers visiting Singapore.

Located in Krausnick, Germany, the Tropical Islands Resort is the largest indoor water park in the world. The water park is inside a huge building that was originally built as a zeppelin hangar but the airship it was intended to house was never built. A Malaysian company bought the hangar and turned into the Tropical Islands Resort, complete with a rainforest, beach, artificial sun, palm trees and several pools. The largest pool is the 140 meter (460 foot) "Tropical Sea" with an area of 4,400 square meters (47,000 sq ft) designed to look like the waters of a coral island.

TROPICAL ISLANDS RESORT

UBUD HANGING GARDENS POOLS

The Ubud Hanging Gardens Luxury Hotel and Spa, which is located in Bali, boasts a spectacular split-level infinity pool that seems to hang out precariously over the jungle. The free-form pool made Conde Nast Traveller's list of the world's best swimming pools. In addition, each of the resort's villas or suites also features its own terrace and private infinity pool. The Ubud Hanging Gardens is set high on top of a gorge, and guests can enjoy spectacular views of the Pura Penataran Dalem Segara Temple as well as the surrounding jungle.

Learn about.....

Taittinger Prestige Rose

The secret to the elegance of the Taittinger Brut Prestige Rosé NV? The high proportion of Chardonnay (30%). The rich pink color is the result of a superb blend, including 15% still red wine, made from the best Pinot Noir grapes grown in the Montagne de Reims, and vineyards in the Aube, and added at the final stage. This gives the wine its unique color and intense palate. Taittinger Brut Prestige Rosé NV is a lively, flamboyant pink with fine bubbles and a good persistent mousse. The nose is generous and expressive, with aromas of fresh red fruit. On the palate, there is a subtle balance between creaminess and a fullbodied flavor.

The old man had died. A wonderful funeral was in progress and the town's preacher talked at length of the good traits of the deceased, what an honest man he was, and what a loving husband and kind father he was. Finally, the widow leaned over and whispered to one of her children, "Go up there and take a look in the coffin and see if that's your pa."

TIPS

Egg Freshness Test

I eat too many eggs for them to ever go bad, but this sure is good to know. I got so excited when I saw this, I dug into my fridge to test it for myself. My eggs seemed to be 4-6 days old — good enough! You're probably wondering how this works, and yes, there is some science behind it. Eggshells are porous, allowing air to slowly get in over time. As more air enters the egg, it gets lighter and lighter, which explains why it will eventually float.Yokesh

Lifestyle Tropical Beach Resort

A visit to the Lifestyle Tropical can be as rockin' or relaxed as a guest may desire. Guests who love lazing in the lap of luxury can snooze on the beach beds on Confresi Beach or enjoy the poolside bar. Those who live to be active can go from a scuba lesson to golfing to kayaking and snorkeling, tossing in a dance lesson or two. Eleven restaurants, 12 bars and lounges, three night clubs and a variety of pools and beaches and fun for the kids are all inclusive. The buildings at the resort are 3-story Mediterranean style, amid Caribbean influenced roofs and cobblestone walkways. Excursions outside the resort are excellent, but one hardly wants to leave this beguiling spot of paradise.

Ha Ha Ha!!!

I was on the subway, sitting on a newspaper, and a guy comes over and asks "Are you reading that?" I didn't know what to say. So I said yes. I stood up, turned the page, and sat down again.

TIPS

Wooden Spoon Trick

Place a wooden spoon over boiling water to keep it from boiling over. There is a lot of science behind this, but the easiest way to explain why this works is because the spoon pops a lot of the bubbles once they come into contact with it, and it also absorbs some of the moisture. Apparently, metal spoons don't work because they heat up too fast. It's worth a try!
