MOST POPULAR ATTRACTIONS IN SINTRA

PENA NATIONAL PALACE

This hilltop palace sits so high it can be seen from nearby Lisbon, and is the top attraction in Sintra. With its domed golden tower and red brick chapel steeple, the complex is extremely beautiful, and considered to be one of the most impressive examples of 19th century Romanticism in Europe. One of the most striking things about this palace is the eclectic combination of architectural styles, which includes neo-gothic, neo-moorish, neo-manueline and neo-renaissance. A wild and diverse forest with large century-old trees from around the world surrounds the large stone pinnacle where the palace sits.

With its iconic twin conical chimneys and lavish interior Sintra National Palace is one of the most beautiful palaces in Portugal. The interior is a mix of Moorish and Manueline styles, with arabesque courtyards, barley-twist columns and geometric tiles. The palace is of Moorish origins, though much of what can be seen today can be traced back to 1385, when king John I ordered the complete reconstruction of the palace. The palace was in use by the royal family until 1880. Highlights include the octagonal Sala dos Cisnes (Swan Room), adorned with 27 gold-collared swans and the Sala das Pegas (Magpie Room), its ceiling decorated with magpies.

SINTRA NATIONAL PALACE

MONSERRATE PARK & PALACE

This Palace resort was the traditional summer home of the Portuguese royal court. Its eclectic style is very unique, and offers the only example of the architectural Moghul style in Portugal. Its uniqueness is clear and distinct, even in a city as resplendent with palaces as Sintra. Terracotta domes with white accents reminiscent of faberge eggs rise from alternate square and cylindrical towers. Below, the Monserrate park offers open lawn expanses beneath the shadow of the palace, and a lovely, landscaped place to frolic on warm summer days.

QUOTES FOR THE MONTH

- * In the hopes of reaching the moon, men fail to see the flowers that blossom at their feet.
- * Beauty is a manifestation of secret natural laws, which otherwise, would have been hidden from us forever.
- * If a man treats his woman like a Princess, it proves he was brought up in the arms of a Queen.
- * Be soft as a flower when it comes to kindness, but tough as thunder when it comes to principle.
- * Something what a person needs is not a brilliant mind that speaks but a patient heart that listens.
- * If you are comfortable, standing alone, the world will come to you seeking the secret of your success.
- * Relationships are like bank accounts, the more you deposit the larger they become. If you try to draw without depositing, then it leads to bankruptcy.
- * Never Feel bad for losing something in life, whenever a tree loses its leaves are ready to replace, although fallen-ones cannot stick to the tree.
- * If your eyes are positive, you'll like the world. If your tongue is positive, the world will like you.
- * We, the rustling leave a voice that answers the strong wind but who are you, so silent? I am a mere flower.
- * Our main business is not to see what lies dimly at a distance, but to do what clearly lay at hand.
- * Blessed is he, who expects nothing, for he shall never be disappointed.
- * Failure is not the only punishment for laziness, so the success of others.

TIPS!

Your stick of butter has to be close to frozen for it to work, and you must work fast to keep it from melting, but the grated butter is perfect for adding to flour before baking biscuits, scones, muffins, etc.. It also makes the butter melt much faster, so if your butter is too cold to spread, consider grating it first and then topping toast, veggies, or a baked potato!

Tips While cooking mince, put a whole carrot in with the mince. The carrot will absorb the excess fat in the meat. Remove the carrot when cooked and cut it up with other vegetables for soup or simply discard.

TIPS

If oil used for frying turns dark, add a teaspoon of white vinegar, cover with a lid and keep on slow flame. When the spluttering stops, remove the lid; the oil will have cleared and it can be strained and re-used.

1) To retain the bright green colour of leafy vegetables, add a pinch of sugar while cooking them. You can also put the vegetables in ice cold water, as soon as you blanch them.

2) When cooking eggplant, add a spoon of milk to a bowl of water and add the chopped pieces to that water. The eggplant will stay dark purple.

Learn about.....

Troublemaker MV Blend 8

Troublemaker MV Blend 8 bares a deep purple hue, and offers aromas of blackberries, cherries and violets, plus touches of ground coffee and smoke. The palate couples rich, fruit-forward flavors with finessed tannins and bright acidity.

This multi-vintage is an impish blend of Syrah, Grenache, Mourvèdre, Petite Syrah and Zinfandel. The majority of wine comes from the 2013 vintage, with a remaining portion coming from 2012 and 2011. The younger wine brings a youthful vibrancy and freshness while the more mature wine adds complexity and structure.

Ha Ha Ha!!!

A fellow was waiting at the airport when he was accosted by a friend, who asked him why he was there. The man replied, I have to receive my cousin, who is coming from America after twenty years. But I don't know how to recognize him. His friend asked can he, by any chance recognize you?

The stupid fellow said why not? I have not come from America after twenty years.

TIPS How to get rid of excess salt? If you have read the recipe wrong and ended up adding a tablespoon of salt, rather than a teaspoon, don't despair. You need not throw it away. Excess salt in any dish can be brought down by adding diced potatoes, tomatoes or a teaspoon of sugar.
