## INGREDIENTS OF THE MONTH

### GARLIC

A garlic head is generally four to eight centimeters in diameter, white to pinkish or purple, and is composed of numerous (8 - 25) discrete bulbs. The bulb is of a compound nature, consisting of numerous bulblets, known technically as 'cloves,' grouped together between the membranous scales and enclosed within a whitish skin.

### Uses

Garlic is most often used as a seasoning or a condiment. Garlic is widely used in many forms of cooking for its strong flavor, which is considered to enhance many other flavors. It is the most widely used component of the Lebanese cuisine. The shoots are often pickled in Russia and states of the Caucasus and eaten as an appetizer. In parts of Austria, salads are prepared with vinegar, oil and minced garlic. Raw garlic appears in quite a multitude of Mediterranean sauces.

### Medical Merits

Garlic is taken orally to reduce high blood pressure, prevent heart disease and atherosclerosis, treat ear-aches, and stimulate both the immune and circulatory systems. It may have some cancer-fighting properties because it is high in diallyl sulphide (DADs), believed to be an anticarcinogen. Garlic cloves continue to be used by aficionados as a remedy for infections (especially chest problems), digestive disorders, and fungal infections.

### Color/Flavor/Aroma

## INTERVIEW BASED TRICKS, TO GET THE JOB!!!

### Tell me about yourself

Be prepared to talk about yourself within one or two minutes. Be logical. Start anywhere, such as your education or first professional position. The interviewer is trying to evaluate your and linear thinking. You may score a point or two by describing a major personal attribute.

### What are your strengths and weaknesses?

Know three to five of your key strengths - the ones most compatible with the job opening. Discuss with specific examples. Don't include your management or interpersonal skills unless you can describe specific examples of good management, or how your relationship skills have been critical to your success. A suggested response may sound like this:

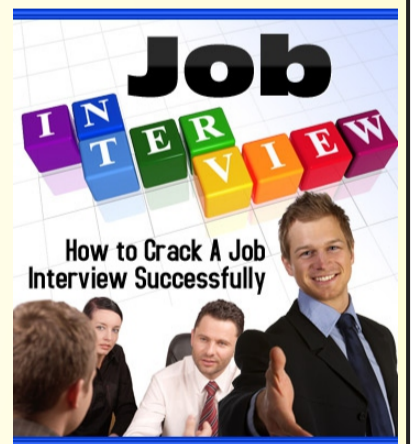

*"My main strength is my sense of commitment to tasks. When I am given something, I cannot rest until I complete it. Of course, one's greatest strength canalso be a weakness in that I tend to be a bit of a workaholic at times."*

### What do you want to do 5 years from now?

Be realistic! Pie-in-the-sky goals label you as immature. One or two management jumps in 3-5 years is a reasonable goal. If your track record indicates you're in line for senior management in 10 years, and then mention it. If you've had a rocky road, be introspective. A suggested answer could be:

*"5 years is a long time, I would like to learn more about marketing and the hospitality industry and perhaps be in a position of responsibility in this field."*

-Sam

### QUOTES FOR THE MONTH

- ☉ The First Quality of a Leader is Optimism.
- ☀ There are two ways of spreading light, to be a candle or to be the mirror that reflects it.
- ☀ Pride is tasteless, colourless and size-less. Yet it is the hardest thing to swallow.
- ☀ Happiness is a wondrous commodity, the more you give, the more you will have.
- ☀ This is the secret to life... "Replace one worry with another"...
- ☀ Aim low, reach your goals, and avoid disappointment.
- ☀ Having one child makes you a parent, having two makes you a referee.
- ☀ The wisest mind has something yet to learn.
- ☀ Sports do not build character. They reveal it.
- ☀ Be nice to your kids...they'll be the ones choosing your nursing home.
- ☀ Money Can't buy you happiness, but it does bring you a more pleasant form of misery.
- ☀ Foot-prints on the sands of time are not made by sitting down.
- ☀ The wisdom of the wise and the experience of the ages are perpetuated by quotation.
- ☀ A man without patience is a lamp without oil.
- ☀ Happiness does not consist in pastimes and amusements but in virtuous activities.

## FALLS RESTAURANTS

Waterfalls are some of the most majestic and mysterious sites in the world, but getting close can not only be difficult, but also dangerous. The Villa Escudero Resort of San Pablo City in the Philippines offers a one of a kind experience for guests to get up close and personal with a roaring waterfall while enjoying their lunch! Their waterfall restaurant sits at the foot of the Labasin Falls where guests can enjoy local cuisine at handmade bamboo tables while clear spring water runs over their feet. The falls are so people friendly, guests can even lie against the rushing water covered wall for quick massage or post-lunch rinse off. This is one resort where no shirt and no shoes are no problem!

#### Tips:

- If you make your own ginger, garlic and fresh chilli pastes at home, ensure a longer life by adding a tablespoon of hot vegetable / sunflower cooking oil to them and mixing well. Refrigerate and use as required.

**Tongue Twister**

Oh, the sadness of her sadness when she's sad.  
 Oh, the gladness of her gladness when she's glad.  
 But the sadness of her sadness, and the gladness of her gladness, Are nothing like her madness when she's mad!
