*My wife, a phlebotomist working at the hospital, entered a patient's room to draw blood. Noticing an apple on his nightstand, she remarked, "An apple a day keeps the doctor away, right?" "That's true," he agreed. "I haven't seen a doctor in three days."*  
 .....Arvind

*While cooking pulav in kadai (i mean not using cooker), do not mix the ingredients frequently, if u mix it, the rice becomes paste. So after 10-15 min of cooking, just open the lid and have a look. If you feel it is cooked, gently mix the contents once or twice.*

## AMAZING HINDU TEMPLES

### MEENAKSHI AMMAN TEMPLE

The Meenakshi Amman Temple is one of the most important Indian Hindu temples, located in the holy city of Madurai. The temple is dedicated to Sundareswar (form of Lord Shiva) and Meenakshi (form of Goddess Parvati). The complex houses 14 magnificent towers including two golden Gopurams for the main deities, that are elaborately sculptured and painted. The temple is a significant symbol for the Tamil people, and has been mentioned for the last couple of millennia, though the present structure was built in the early 17th century.

#### ANGKOR WAT

Angkor is a vast temple complex in Cambodia featuring the magnificent remains of several capitals of the Khmer Empire, from the 9th to the 15th century AD. These include the famous Angkor Wat temple, the world's largest single religious monument, and the Bayon temple (at Angkor Thom) with its multitude of massive stone faces. During its long history Angkor went through many changes in religion converting between Hinduism to Buddhism several times.

#### PRAMBANAN

Prambanan is the largest and most beautiful Hindu temple complex in Indonesia. Located about 18 km east of Yogyakarta, it is somewhat overshadowed by the even more awe-inspiring Borobudur situated just next door. The two sites are quite different in style though, with Prambanan being a collection of tall and pointed Hindu temples, instead of the single large Buddhist stupa of Borobudur. Prambanan has three main temples dedicated to Vishnu, Brahma, and Shiva and was built around 850AD by the Mataram Kingdom, rulers of central Java.

When you make paneer at home, do not throw away the remaining water. Keep it for further use in cooking. Whey (paneer water) is full of protein, calcium and digestive aids. It can be used for kneading soft dough for chapatis or for making soup. It not only adds more taste to the dish, but is also very nutritious.

### QUOTES FOR THE MONTH

- ✳ Knowledge is only one half. Faith is the other.
- ✳ Love, hope, fear, faith - these make humanity; these are its sign and note and character.
- ✳ The willingness to learn new skills should be very high.
- ✳ Mind in activity : Bondage ; Mind without activity : Liberation.
- ✳ The whole purpose of education is to turn mirrors into windows.
- ✳ Feel good for those who love you. Feel better for those who miss you. But feel the best for those who never forget you.
- ✳ The years teach much, which the days never know.
- ✳ The only source of knowledge is experience.
- ✳ Life is the art of drawing without an eraser.
- ✳ Body is like a flash light, Eye is like the bulb, Mind is the battery cell, Intelligence is the switch, Only when the four work together you do get the light.
- ✳ Experience teaches only the teachable.
- ✳ True humility is the hall-mark of a truly educated person.
- ✳ Experience is the teacher of all things.
- ✳ To one who has faith, no explanation is necessary. To one without faith, no explanation is possible.
- ✳ Happiness does not consist in self-love.
- ✳ Experience is a good school. But the fees are high.
- ✳ Excellence is not a skill. It is an attitude.

**A police officer jumps into his squad car and calls the station.**

**"I have an interesting case here," he says. "A woman shot her husband for stepping on the floor she just mopped."**

**"Have you arrested her?" asks the sergeant.**

**"No, not yet. The floor's still wet."**

When you're making pakoras or vadas, see to it that you do not add extra water to the batter. In case the batter turns watery, there are chances of oil splattering when you try to fry it. Do not panic or throw away the batter. Add a tablespoon of ghee to it and the batter is ready to be fried.

Do you wonder why your home-made fries don't turn out to be as crispy as the ones you eat at a snack bar? Try this trick. Cut the potatoes into thin strips and deep-fry (half done). Cool the fries and store them in the freezer for 5 to 6 hours. Make sure they are covered with a plastic wrap. Fry them just before you have to serve them.

A man woke up in the morning deeply repentant after a bitter fight with his wife the previous night.

He noticed with dismay the crate of beer bottles that had caused the fight.

He took it outside and started smashing the empty bottles one by one onto the wall.

He smashed the first bottle swearing, "you are the reason I fight with my wife".

He smashed the second bottle, "you are the reason I don't love my children".

He smashed the third bottle, "you are the reason I don't have a decent job".

When he took the fourth bottle, he realized that the bottle was still sealed and was full.

He hesitated for only a moment and said

"you stand aside, I know you were not involved".

TIPS

If you have read the recipe wrong and ended up adding a tablespoon of salt, rather than a teaspoon, don't despair. You need not throw it away. Excess salt in any dish can be brought down by adding diced potatoes, tomatoes or a teaspoon of sugar.

A woman called our airline customer-service desk asking if she could take her dog on board.  
"Sure," I said, "as long as you provide your own kennel."  
I further explained that the kennel needed to be large enough for the dog to stand up, sit down, turn around, and roll over.  
The customer was flummoxed: "I'll never be able to teach him all of that by tomorrow!"

If you see yourself standing in front of the stove guarding it till the milk boils, here's what you need to do. Before you pour milk into the pot for boiling, rub butter along the top edge and the inside lip of the pot. Due to this, the milk won't overflow when it foams up.

### Learn about.....

**Treana Chardonnay  
California**

*Treana Chardonnay has a pale-straw color and aromas of candied pineapple, mandarin, stone fruits, and butterscotch. On the palate, vibrant fruit flavors of lemon curd, white peach compote, grilled pineapple and citrus are softened by creamy flavors of marzipan and crème brûlée. A silky texture is complemented by mouthwatering acidity and a touch of toasted oak on the finish.*

*The 2013 harvest is already being regarded as a "classic" vintage for the Central Coast. Wines from this harvest have great color, flavors and tannin structure — all characteristics that have helped the Central Coast become a world-class wine region.*

## TIPS!

Removing garlic skin is tedious and can consume a lot of time, especially when you're in a hurry. Warm garlic cloves in the microwave slightly and you'll see the skin peeling off without difficulty. Also, you can submerge them in water for about 10 minutes before peeling the skin.
