CRAFT DRINKS
INDIA 2018

4-5 July

PRESS RELEASE

NürnbergMesse India, in collaboration with Indian Trade Fair Organisers, PDA Trade Fairs, will be launching, as part of its Beviare Family, the first edition of the Craft Drinks India 2018, Trade Fair and Conference for Beer, Wine and Spirits Production. The event will be held in Bangalore on July 4 and 5, 2018 at the White Orchid Convention Centre, Bangalore.

The Indian AlcoBev industry has been seeing a steady growth since the appearance of the first brewpub in Pune in 2009. Many brewpubs have followed in cities like Pune, Mumbai, Gurgaon, Bangalore and Kolkata. In such an industrial scenario, Craft Drinks India intends to be the definitive trade fair that addresses the needs of this booming industry.

In addition, the Indian market for alcoholic drinks is one of the fastest growing beverage markets worldwide. In particular, the number of microbreweries and craft breweries is increasing steadily by around 7.5 percent a year. According to BMI Research, which is cited by the All India Brewing Association, there were just two micro-breweries registered in 2008. By 2016 there were more than 80.

The trade fair will also be accompanied by a series of exciting discussions at the conference on "Grain to Glass" on the first day hosted by well-known figures from the industry as well as government officials with the Conference Partner Tulleeho and Insights Partner Euromonitor International. There will also be a Workshop on Brewing conducted on the second day by Versuch und Lehranstalt für Brauerei in Berlin (VLB) e.V., the Berlin-based Research and Teaching Institute for Brewing. Craft Drinks India is supported by All India Distillers Association (AIDA), Karnataka Brewers and Distillers Association, Gujarat Distillers Association, Craft Brewers Association of India and National Restaurant Association of India.

TIPS!

To get rid of excess salt: If you have read the recipe wrong and ended up adding a tablespoon of salt, rather than a teaspoon, don't despair. You need not throw it away. Excess salt in any dish can be brought down by adding diced potatoes, tomatoes or a teaspoon of sugar.
