For good health, we need more than 40 different nutrients,  
and no single food can supply them all. It is not about a single meal,  
it is about a balanced food choice over time that will make a difference!

1. A high-fat lunch could be followed by a low-fat dinner.
2. After a large meat portion at dinner, perhaps fish should be the next day's choice?

### “Dead Nuts” Wine of the Month

#### Dead Nuts

From the Paso Robles winery that makes serious wines that don't take them seriously comes the 2017 Dead Nuts, a Zinfandel blend that has an added spice of tempranillo to emphasize the white pepper flavors of Zin. With aromas of sweet cherries, honeycomb, and briar come bursting through the

glass. At first sip loads of strawberries, blackberries and cherry pie sweep across the palate with a medium tannin and zesty freshness! The perfect wine to pair with carne asada for your Taco Tuesday plans

## Tongue Twisters

I thought a thought.  
 But the thought I thought  
 Wasn't the thought I thought I thought.  
 If the thought I thought I thought,  
 Had been the thought I thought,  
 I wouldn't have thought I thought.
