TOP TOURIST ATTRACTIONS IN THE WORLD

The City of Light draws millions of visitors every year with its unforgettable ambiance. Of course, the divine cuisine and vast art collections deserve some of the credit as well. The gentle River Seine rambles through the city, flanked by stately museums, centuries-old churches, and blocks of Rococo- and Neoclassic-design architecture, further enhanced by cascading trees and glowing streetlamps. Peppering the Seine's cobbled walks and graceful bridges are impossibly chic Parisians, probably on their way to the market, cafe or cinema.

Why Go To Paris

New Zealand

South Island, New Zealand
New Zealand's South Island brims with majestic landscapes at every turn, from dramatic mountains to fjords to glaciers. Here, you can explore Fiordland National Park, a UNESCO World Heritage Area, or gaze at the starry skies at Mount John Observatory. You can also indulge your inner daredevil in Queenstown, explore two of the most accessible glaciers in the world on the west coast or sample delicious food and wine in Marlborough.

Question: Why is the letter "T" like an island?
 Answer: Because it is in the middle of waTer!

Wash your hands. With soap. Then wash them again.
 Wet your hands and scrub them with soap, taking care to get between your fingers and under your nails. Wash for at least 20 seconds (or about the time it takes to sing "Happy Birthday" twice), and dry. Make sure you get your thumbs, too.

With children, keep calm, carry on and get the flu shot. The good news is that cases in children have been very rare. Right now, there's no reason for parents to worry, the experts say; coronavirus cases in children have been very rare. Tips Tips Tips

1. Broccoli is supercharged with vitamins and minerals. Packed with vitamins A, C, and E, as well as many other antioxidants and fiber, broccoli is one of the healthiest vegetables you can put on your table. The key to keeping its power intact is to cook it as little as possible — or better yet, not at all.

2. Garlic is found in almost every cuisine in the world. It adds a little zing to food and it's a must-have for your health. Early civilizations recognized its value in fighting infections. According to the National Center for Complementary and Integrative Health Trusted Source, garlic may also help lower blood pressure and slow down hardening of the arteries. Garlic's immune-boosting properties seem to come from a heavy concentration of sulfur-containing compounds, such as allicin.

Learn about.....

Tenuta Frescobaldi di Castiglioni Wine of the Month

Tenuta Frescobaldi di Castiglioni a blend of Cabernet Sauvignon and Merlot with a small amount of Cabernet Franc and Sangiovese, has the right generousness. Rich, jammy black cherry fruit reveals energetic undertones of iron-laced earth, tart cherry, turned soil, and fresh herbs. All carry through to the palate, sweet spice amped up by grippy tannins and fading out to a long, sweet caramel finish. Great with stewed or panfried meats and roasted pork, ideal with gammy meats, and a must-try with savoury cheeses.
