INGREDIENTS OF THE MONTH

Bell Pepper

Bell pepper, also known as sweet pepper or a pepper (in the UK), is a cultivar group of the species *capsicum annuum* (chili pepper). cultivars of the plant produce fruits in different colors, including red, yellow, orange and green. bell peppers are sometimes grouped with less pungent pepper varieties as "sweet peppers".peppers are native to Mexico, central America and northern South America. pepper seeds were later carried to Spain in 1493 and from there spread to other European, African and Asian countries. today, Mexico is the second largest pepper producer in the world, a distant runner-up to China.

Uses:

Bell peppers have great nutritional value and are an excellent source for vitamin C. Red peppers contain lycopene, a pigment found in other red fruits, such as tomato, and believed to help protect against some forms of cancer. Bell peppers can be eaten raw or cooked and are used in a number of ways in culinary dishes:

Medical Merits

Capsicum is currently used in topical ointments to relieve the pain of peripheral neuropathy such as post-herpetic neuralgia caused by shingles. It may be used in concentrations of between 0.025% and 0.075%.

Herpes Zoster, colloquially known as shingles, is the reactivation of the virus varicella zoster, leading to a crop of painful blisters over the area of dermatome.

Color/Flavor/Aroma

Bell pepper is of three basic types - red, green, yellow and a number of more. Bell peppers are not usually as hot in flavor as their botanical cousin the chili pepper. Bell peppers possess the gene th

FAMOUS PLACES IN BELGIUM

Antwerp Central

Central Station is the main train station in Antwerp in Eastern Flanders. The stone building, which opened in 1905, presents an imposing façade to travelers. It's topped by a huge dome that is 44 meters (144 feet) high. The station is considered Belgium's best example of railway architecture. It is also considered one of the world's most beautiful train stations. Trains depart and arrive on 14 tracks on four levels. Central Station is also capable of handling high speed trains.

Bouillon Castle sits on a hill overlooking the city of Bouillon. It is believed to date back to the Romans, though it is first mentioned in the late 10th century. One of its early owners sold it to finance his participation in the First Crusade. The castle has three drawbridges, dungeons and a torture chamber that visitors will see as they make their way down from the top. The castle, considered one of the best in Belgium, has a unique, layered defense system designed to protect it from invaders.

Bouillon Castle

Canals of Bruges

Because of its canals Bruges is often called 'The Venice of the North'. In the Middle Ages the 'Reie' river had been turned into a network of canals that enabled the traders to bring their products to the large Water Halls at the Market. Nowadays a boat ride on these famous canals provide a great way to see some of Bruges most beautiful sites.

- * Green is like sea-water. The more you drink, the thirstier you become.
- * CREATIVITY: Imagination and Determination make the difference.
- * FUTURE: The future is not something we enter, it is something we create.
- * GROWTH: It begins when we begin to accept own weaknesses.

- * He is rich or poor according to what he is, not according to what he has.
- * There are hundreds of languages in the world but a smile peaks them all.

HOTELIERS TALK
WISHES

It is more blessed to give than to receive

www.hotelierstalk.com

A man receives a phone call from his doctor.
The doctor says: "I have some good news and some bad news."
The man says: "OK, give me the good news first."

The doctor says: "The good news is, you have 24 hours to live."
The man replies: "Oh no! If that's the good news, then what's the bad news?"
The doctor says: "The bad news is, I forgot to call you yesterday."
