## INGREDIENTS OF THE MONTH

### OKRA LADIES FINGER

The name "okra" is most often used in the united states, with a variation of the pronunciation—english caribbean ("okro") used primarily around the philippines. "okra" is of west african origin and is cognate with ọkwurú in the igbo language spoken in nigeria. okra is often known as "lady's fingers" outside of the united states.

#### Uses:

The products of the plant are mucilaginous, resulting in the characteristic "goo" or slime when the seed pods are cooked; the mucilage contains a usable form of soluble fiber.

While many people enjoy okra cooked this way, others prefer to minimize sliminess, keeping the pods intact and cooking quickly help to achieve this. To avoid sliminess, okra pods are often briefly stir-fried, or cooked with acidic ingredients such as citrus, tomatoes, or vinegar. A few drops of lemon juice will usually suffice. Alternatively, the pods can be sliced thinly and cooked for a long time, so the mucilage dissolves, as in gumbo. The cooked leaves can also be used as a powerful soup thickener.[citation needed] The immature pods may also be pickled. In Palestine, Syria, Tunisia, Egypt, Greece, Iran, Iraq, Jordan, Lebanon, Turkey, and Yemen,[6] and other parts of the eastern Mediterranean, including Cyprus and Israel, okra is widely used in a thick stew made with vegetables and meat.

#### Medical Merits

Unspecified parts of the plant reportedly possess diuretic properties

#### Color/Flavor/Aroma

Green .

## FAMOUS PLACES IN CHINA

### Great Wall Tours

The Great Wall of China is one of the greatest sights in the world. The longest wall in the world, it is an awe-inspiring feat of ancient defensive architecture. Its winding path over rugged country and steep mountains takes in some great scenery. It deserves its place among "the New Seven Wonders of the World" and the UNESCO World Heritage Sites in China.

### The Yangtze River

The Yangtze is the third longest river in the World, but the longest river within a single country. The Yangtze River has a good case for being the most interesting and popular river in the world. It has the widest variety of outstanding tourist attractions, scenery and culture along its length, all contained within China, and holds several world records.

### Yungang Grottoes

Enrolled as a World Heritage Site by the UNESCO in 2001, Yungang Grottoes represent the excellent achievement of Buddhist sculptural art of ancient China, and it is the largest among the four most famous ancient grotto complexes in China. Yungang Grottoes with 252 caves and 51,000 Buddhist statues are the classical masterpieces of Chinese Buddhist art in the 5th and 6th centuries. The whole grotto complex is magnificent with delicate carvings. All the statues are precious and vivid, representing the development of art, architecture, music and religion at that time.

### The Yellow Mountains

The Yellow Mountains is one of the most famous and beautiful mountains in China. It was enlisted as a World Heritage Site by UNESCO in 1990. Outstanding natural beauty is Huangshan's number one feature. Yellow Mountain's classic attractions could be counted as five natural wonders in the winter: the imaginatively named pines, oddly-shaped rocks, the sea of clouds, hot springs and winter snow scapes.

### Few Interesting Facts of OUR NATION

- India is the birthplace of *Chess*, The original word for "Chess" is the Sanskrit *Chaturanga*, meaning "four members of an army"— which were mostly likely elephants, horses, chariots, and foot soldiers.
- India is the 7th largest country in the world, the largest democracy and one of the oldest civilizations.
- The game of *Snakes & Ladders* was created by the 13th century poet saint Gyandev. It was originally called '*Mokshapat*'. The ladders in the game represented virtues and the snakes indicated vices. The game was played with cowrie shells and dices. In time, the game underwent several modifications, but its meaning remained the same, I.e. Good deeds take people to heaven and evil to a cycle of re-births.
- India has the world's largest *movie industry*, based in the city of Mumbai (known as the "City of Dreams"). The B in "Bollywood" comes from Bombay, the former name for Mumbai. Almost all Bollywood movies are musicals.
- On India's Independence Day, August 15, 1947, the country was split into *India and Pakistan*. The partition displaced 1.27 million people and resulted in the death of several hundred thousand to a million people.
- India is the world's largest producer of milk, and among the top five producers of sugar, cotton, tea, coffee, spices, rubber, silk, and fish.
- Many Indian wives will never say their *husband's name aloud*, as it is a sign of disrespect. When addressing him, the wife will use several indirect references, such as "ji" or "look here" or "hello" or even refer to him as the father of her child.
