## WORLD CLOCK (First time in the world)

You would have been seen in the reception or lobby of Star Hotels, Airports or Multi-National Companies dozen of clocks displaying various countries / cities current times viz. New York, London, Paris, Dubai, Moscow, Singapore, Hong Kong, Sydney, Tokyo etc. But what about other countries times? Thus I have invented a "WORLD CLOCK" which depicts all countries standard times in one single dial. This unique clock is innovatively designed for Star Hotels, Airports or Multi-National Companies which is suitable where there is a visit of foreigners of various nations. With pleasure I would like to say this Global Timing World Clock is the "First Invention and Introduction to the World" With addition to this remarkable information of knowing all countries of the world's current standard times, several other features can also be known such as :-

- Time Zones World Map
- List of All Countries in the World with its Standard Timings
- 24 Hours Digital Clock which is the Current Running GMT/UTC Time
- Serial No. of the Country
- Time Difference with GMT/UTC
- 24 Hours Alarm which sound bells for every one hour as per no. of times with respect to integer times from 01:00 hrs. to 23:00 hrs. And the mid-night 00:00 hrs. will ring mild birthday instrumentation (Violin).

- Local Name of all countries in the world
- National Flag of all countries in the world
- National Emblem / Coat of Arms of all countries in the world
- Capital of all countries in the world
- Region of all countries in the world the Country
- Currency with its Code of all countries in the world
- Two Letter Code of all countries in the world
- Three Letter Code of all countries in the world
- Numeric Code of all countries in the world
