INGREDIENTS OF THE MONTH

Carrot

It is a biennial plant which grows a rosette of leaves in the spring and summer, while building up the stout taproot, which stores large amounts of sugars for the plant to flower in the second year. The flowering stem grows to about 1 metre (3 ft) tall, with an umbel of white flowers that produce a fruit called a mericarp by botanists, which is a type of schizocarp

Uses:

Carrots are used in a variety of ways, as salads or as vegetables added to spicy rice or daal dishes. The most popular variation in north India is the Gaajar Kaa Halwa carrot dessert, which has carrots grated and cooked in milk until the whole mixture is solid, after which nuts and butter are added. Carrot salads are usually made with grated carrots in western parts with a seasoning of mustard seeds and green chillies popped in hot oil, while adding carrots to rice usually is in julienne shape.

Medical Merits:

The carrot gets its characteristic and bright orange colour from β -carotene, which is metabolised into vitamin A in humans when bile salts are present in the intestines.[3] Massive overconsumption of carrots can cause carotenosis, a benign condition in which the skin turns orange. Carrots are also rich in dietary fibre, antioxidants, and minerals. Lack of vitamin A can cause poor vision, including night vision, and vision can be restored by adding it back into the diet. An urban legend says ea

Color/Flavor/Aroma:

The north Indian carrot is pink-red comparable to plum or raspberry or deep red apple in colour (without a touch of yellow or blue) while most other carrot varieties in world are from orange to yellow

TIPS:

An egg stored under refrigeration for one week will be fresher than one that is stored at room temperature for just one day. The egg shell is porous, thus the egg shell will hold a high bacteria count when placed at room temperature.

Tongue Twister

If you understand,
say "understand".

If you don't understand,
say "don't understand".

But if you understand
and say "don't understand".
how do I understand that
you understand. Understand!?

Tips:

Add very very little
crushed peppercorn
as a contrast to carrot
halwa to enhance
taste and mouth feel
-Salla Vijay Kumar

Ha..Ha..

Guest : What's the
difference between
chopped beef and
pea soup?

Waiter: Everyone
can chop beef, but
not everyone can
pea soup!
